Note : 29 SIGNIFICANT ACCOUNTING POLICIES & NOTES TO THE ACCOUNTS

A- SIGNIFICANT ACCOUNTING POLICIES

1 Basis of Accounting

The financial statements are prepared under the historical cost convention on the concept of a going concern, in accordance with the Generally Accepted Accounting Principles and mandatory Accounting Standards as notified under the Companies (Accounting Standards) Rules, 2006 and as per the provisions and presentational requirements of the Companies Act, 1956.

4 (A)- Depreciation on tangible fixed assets

5 Taxes on Income

Current tax is determined and provided for on the amount of taxable income at the applicable rates for the relevant financial year. The DTA is recognised only to the extent that there is reasonable certainty of sufficient future profits against which such DTA can be realised.

Adjustments to assets and liabilities are made for events occurring after the balance sheet date to provide additional information materially affecting the determination of the amounts of assets or liabilities relating to conditions existing at the balance sheet date.
- 8 **Earnings Per Share**
Basic earnings per share are calculated by dividing the net profit or loss for the year/ period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year/ period.
- 9 **Use of estimates**
The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities on the date of the financial statements and the results of operations during the reporting year. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.
- 10 **Foreign Currency Transaction**
